

## **C Language Programming: Homework #5**

**Assigned on 11/10/2015(Tuesday), Due on 11/24/2015(Tuesday)**

Please design a program extended hw3, and allow computer to guess the answer. You have to do the following:

1. Try to use a recursive function.
2. Show the results of each round guess.

Score:

Basic requirement in hw3 (argument list and random ...) 10%

Guess function 50%

*\* If you guess the answer with violent method, you will only get 20%*

Recursive function 10%

Output 10%

Report 20%
